

E&B

BIOGRAPHY

Based in Austin, Texas and Denver, Colorado, B&E consists of Bjon Ottesen and Erik Saucedo. The pair met honing their skills in Austin's underground scene and their musical connection was undeniable from the beginning.

With their signature dark and bass-heavy sound, these two party-starters have had recent hits on labels such as Box of Cats, House of Hustle, and opened for artists such as John Summit, Gordo, and Noizu. It's clear B&E has that infectious quality people can't get enough of. The future is looking bright for this dynamic duo as they continue to blaze a path straight to the top with their unique sound, and expertly curated selections.
